During the holidays in April, all except ten of the children were in Tabora, with twelve arriving home from three different boarding schools, where their private education is paid for by individual sponsors through Sarah and Kim and their TCET organisation. See right - the latest arrival back being reunited with her friends. Three youngsters with no home stayed with Beatrice and

Bernadetta in the staff house.

There were seven overseas visitors in April and one in May. The visitors worked with the staff to give the children a fun holiday, with zumba, a barbeque, and their own mini Olympics, as well as lots of extra English tuition, see left.

The Sewing Project has diversified and made some glasses cases which have gone abroad for sale. Their bags have been selling well and they want to increase the range of items made for sale outside Tanzania, as well as their main work of selling clothes within Tabora.

The Market Gardening project (right) managed to take advantage of the late season rains to produce a good rice crop.

The well is a huge help to the women that produce food on this land.

Canadian Alison returned to Tabora after 3 years absence and enjoyed catching up with the children she knew, and meeting those who had joined more recently. She successfully fundraised during the last year and one of her events was a Zumba class. She is seen left conducting Tabora's very first Zumba class. The

children caught on quickly and they loved one of the songs by Shakira. She also hired a bus and took everyone out for a barbeque at the cattle market, which was an amazing trip.
